Dear Chairman Imanov,

I wish to extend to you my sincere thanks for your assistance and support in organizing my visit to the Republic of Azerbaijan from June 4 to 6, 2018. The excellent arrangements and generous hospitality resulted in a most productive and rewarding time in Baku.

Our discussions provided me with a good understanding of the achievements of the Intellectual Property Agency of the Republic of Azerbaijan as well as highlighting the areas in which cooperation between the World Intellectual Property Organization (WIPO) and the Agency may be further enhanced. In particular, I would like to underline WIPO's readiness to engage with the business, scientific and educational communities of the Republic of Azerbaijan in support of the development of intellectual property policies for Universities and Research Institutions.

I look forward to further strengthening the collaboration between WIPO and the Republic of Azerbaijan.

Mit warmen wishes, Yours sincerely,

Francis Gurry
Director General
